Japan Is Told Occupation May End within Year

Three More High Nip Militarists Die by Own Hand, Others Arrested

Gen. MacArthur Suspends Domei News Agency; 100,000 Allied Troops Are Now in Nippon

YOKOHAMA, Saturday, Sept. 15. (AP)—Captain Tokuda, Japanese army doctor accused of experimenting on Allied prisoners of war, was turned over to the United States Eighth Army by the Japanese government today.

TOKYO, Saturday, Sept. 15. (AP)—Japan was told today occupation may end within a year but in the harsh realities of the present her only news agency was suspended, her suspected war criminals were held or hunted, and three more high militarists were dead by their own hand.

Li Gen. Robert L. Eichelberger, whose United States Eighth Army led the occupation forces into Japan, declared "If the Japs continue acting as they are now within a year this thing should be washed up."

"When an insular country loses its land, sea and air power and is without raw materials and has big countries sitting on its flanks it can't be much of a threat," he told a press conference.

Gen. MacArthur, in another statement, agreed with the view of Japan's thoroughly-beaten position, but said nothing about such an early termination of the occupation.

The supreme commander took note of some impatience in the press based upon the assumption of a so-called "policy in Japan" and said this was "an erroneous concept of what is occurring."

MacArthur declared the first phase of the occupation—which some critics have called "soft"—was based on military considerations of "safety and security" while occupation troops were being deployed and war prisoners and internees were being liberated.

Demobilization Continues
He said "over half of the enemy's force in Japan are being demobilized" and disarming of the 3,000,000 or more soldiers in the empire's home army would be nearly complete by mid-October.

When the first phase is completed, MacArthur continued, Japan then be required to take other steps and "No one need have any doubt about prompt, complete, entire fulfillment of the terms of surrender."

Whereupon his officers descended upon the headquarters of Domei agency, three guards around all exits and shut it down.

Since 1936 all Japanese daily newspapers had printed the news and propaganda of this semi-official agency which spoke for the militarist clique and told the Japanese people only what was considered good for them.

Asked what the Japanese newspapers would print, MacArthur's (Continued on Page 10, Col. 5)

Civilian Presides Over Army Stoves

CAMP LEE, Va., Sept. 14 (AP)—Mess Sgt. Carl Snellenburg, Washington, discharged from the army yesterday, had GIs wondering today if he wasn't a bit on the bawdy side.

Snellenburg, an expert culinary technician, was behind his stoves as usual. He had refused to leave when he found that departure would interrupt a three-day pass given his successor. So for the next three days Civilian Snellenburg will preside over the GI stoves, only now he will have to turn in civilian clothes or in uniform with a discharge emblem sewed on.

Gen. MacArthur Answers Critics But Many Issues Remain Clouded

By JAMES D. WHITE
Associated Press Staff Writer
SAN FRANCISCO, Sept. 14 (AP)—Gen. MacArthur's reassurance about the occupation of Japan is a welcome and general answer to the questions which have been arising in American minds.

These questions perhaps were most bluntly summed up by a liberated prisoner of war in Manila who naturally sees only the darkest side of the picture. "What the hell's going on up in Tokyo? Who won this war anyway?"

His question really is addressed not just to MacArthur, but to the policy makers behind and above him.

MacArthur's answer was general and stressed the necessity of avoiding "calamity" while three vital and primary objectives of the occupation are gained: 1) Physical occupation by American troops, 2) liquidation of Japan's fighting forces, and 3) rescue of starving prisoners.

WATCHES POLICE DIG FOR WIFE'S BODY

HIS HAND COVERING HALF HIS FACE, Gordon M. Newcomb (right), 42-year-old oil dealer, directs police at Cranston, R. I., as they exhume the body of his wife from a grave under the floor of his garage. Mrs. Newcomb vanished last July. Newcomb pleaded innocent in Providence district court yesterday to a charge of murdering his wife and was ordered held without bail for further hearing on September 28.

Army To Release 13,000 Doctors

Marines with 40 Points Won't Go Overseas

WASHINGTON, Sept. 14 (AP)—The army made it easier today for doctors and nurses to get out of service and the marines announced that no officer or enlisted man with forty or more discharge points will be sent overseas.

The previous overseas point limit for marines was seventy.

The army estimated 13,000 doctors, 25,000 nurses and 3,500 dentists will be civilians again by January 1.

The marines had no immediate figure on how many men were affected by the new order on overseas service.

The marines recently cut the discharge point score from eighty-five to seventy and said any corps member over 35 years old could obtain a discharge on request, regardless of points.

The army system will be liberalized still further within a few months so that by next July 1, when the army strength drops to 2,500,000, at least 30,000 doctors, 10,000 dentists and more than 40,000 nurses will be out of uniform.

In addition, large numbers of veterinarians, sanitary corps officers, dietitians, physical therapists and medical administrative officers will be released as the medical corps reduces its ranks to about thirty per cent of its V-E day strength.

Announcement of the plan for faster releases came in the wake of demands from Capitol Hill for the discharge of more physicians to meet shortages in many communities.

Under the new system, doctors and dentists—with the exception of about 20 specialists—will be released if:

- 1—They have eighty discharge points, based on credit for service, combat and parenthood or
- 2—Are 48 years of age or older or
- 3—Entered service prior to December 7, 1941.

The specialists will be released if they have eighty points or are 48 years of age, or if they went on active duty before January 1, 1941.

The discharge score for nurses was lowered from sixty-five to thirty-five and the discharge age from 40 to 35. In addition, they may also get out if they are married or have dependents under 14 years of age.

No one will quarrel with this, not with the promise that the mail program will be practically complete by the middle of October. That's fast.

Finally Americans will note this: The surrender terms aren't soft and they won't be applied in kid glove fashion.

But there are specific issues still clouded—possibly in part by security restrictions—and until these are cleared up, the general will likely continue to find it "extraordinarily difficult" to exercise that degree of patience necessary to carry out the long-term policy laid down for him.

Here are some of the questions which some Americans still will ask until they are cleared up:

Why was the arrest of Japanese war criminals turned over to the Japanese police, at Japanese request? Did this give certain Japanese time to commit or attempt suicide?

Railroad Unions Seek Short Week

AFL Groups Will Ask Same Pay for 36 Hours

CHICAGO, Sept. 14 (AP)—Unions representing 400,000 AFL railroad workers announced today they would ask the carriers to reduce the work week from forty-eight to thirty-six hours with no reduction in weekly pay.

Announcement of the request was made by Bert M. Jewell, president of the AFL Railway Employees department, embracing seven unions of craftsmen employed by the lines.

Jewell said notice would be served on all the railroads with which the department has contracts on September 25.

The department president said 400,000 railroad workers would be affected and that the organization has contracts with all the nation's lines except the Pennsylvania Railroad and the Western Maryland road.

The decision to ask for a thirty-six-hour, six-day week, Jewell said, was reached at a meeting of general chairmen of the seven unions who met in Chicago Wednesday.

Jewell said he believed this would be the first time such a demand has been made on the "railroad industry."

Each railroad, Jewell said, will be requested to agree to establish a six-hour day, six week days per calendar week, without a reduction in present straight time weekly compensation, instead of the present eight-hour day, six week days per calendar week.

Jewell said "this request will apply to about 400,000 employees."

The unions affiliated with the railway employees department are: The International Association of Machinists; the International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America; the International Brotherhood of Electrical Workers; the Brotherhood of Railway Carmen of America; and the International Brotherhood of Firemen, Oilers, Helpers, Round House and Railway Shop Laborers.

Weather Forecasting Receives Boost as U. S. Takes Jap Facilities

WASHINGTON, Sept. 14 (AP)—The biggest blank spaces in the world's weather map were filled in today, making easier a good guess on Monday what conditions will be next Saturday on the other side of the globe.

The fill-in was accomplished by United States action in taking over Japanese meteorological operations, and a Moscow announcement that Russia now exchanges weather information with America nearly 1,000 times a day.

These strides in accurate forecasting were welcomed by the United States Weather Bureau. Officials said they would be of inestimable value in providing complete reports for expanding commercial aviation.

Former Head of Bund To Be Deported Today

PHILADELPHIA, Sept. 14 (AP)—Fritz Kuhn, one-time head of the German-American Bund, is being deported from the United States tomorrow, the Immigration and Naturalization Service reported today.

A spokesman for the service said Kuhn will be among a group leaving from New York at 8 p. m. (Eastern War Time) tomorrow aboard the Winchester Victory.

Ford Motor Firm, Blaming Strikes, Lays Off 50,000

Labor Issues Seethe in Detroit's Reconversion Picture

DETROIT, Sept. 14 (AP)—Fifty thousand more auto workers became idle tonight—laid off by the Ford Motor Company—as labor issues seethed in the motorcar capital's turbulent postwar reconversion picture.

The Ford layoffs, adding to thousands already idle from strikes in this industrial area, were blamed by Henry Ford II, executive vice president, on "irresponsible labor groups" which he said were impeding reconversion progress.

While Ford did not identify those groups by name, the CIO's United Automobile Workers Union has been involved in a number of strikes since the end of the war. One of these walkouts was followed by a previous extensive Ford layoff.

The layoffs, and the company's virtual cessation of all production, came on the very day that the auto union proclaimed plans to demand an industry-wide increase of thirty per cent.

A blunt threat of strikes as a means to enforce the demand, if negotiation failed, was enunciated as union policy.

Local Administrator Named
The union's International Executive board, meeting at Flint tonight, placed an administrator in charge of Detroit West Side Local 174, whose 4,500 members walked out at the Kelsey-Hayes Wheel Company three weeks ago. The Ford company held this strike responsible for its earlier layoff.

The administrator post was given Percy Lewellyn, international representative, whose authority will supersede that of the local's officers. Lewellyn was instructed to get the workers back on the job by Monday.

Chairman George W. Taylor, of the War Labor Board, expressed hope at Washington that the strike would be ended soon.

In his statement on today's layoff Henry Ford II said:

"In two and a half months we have produced less automobiles than we could in three hours of normal production and the major reason is that these continued outbreaks by irresponsible labor groups are impeding the regular progress of reconversion."

The Ford company's action came as a climax to a week's-long labor strike in the Detroit area. Today's layoffs brought to approximately 80,000 the number of idle auto industry workers here and in neighboring Windsor, Ont., where a Ford strike was in its third day.

Production Is Halted
Total Ford employment prior to the layoff was 109,000.

"It is time the country as a whole recognizes the seriousness of the situation," Ford said. "There can be no return to peacetime production so long as this condition exists. Every day without a full day's work delays the industrial comeback of the nation."

"We don't know when we can reopen our plants."

The Ford spokesman said that of the 50,000 laid off, 40,000 were working in plants in the Detroit area. He said all Ford plants in the country have ceased production of new automobiles, trucks and engines.

Still working, however, are maintenance men, those employed on reconversion work, and office workers.

President Returns To Home in Missouri

KANSAS CITY, Sept. 14 (AP)—President and Mrs. Truman came back in bright sunshine late today for a quiet weekend at their nearby Independence home after a rough six-and-a-half-hour flight in the presidential plane from Washington, which included brief stops at Paducah, Ky., and Scott Field, Ill.

House Republicans, Looking to 1946, Pool Ideas for Legislative Program

WASHINGTON, Sept. 14 (AP)—Tax reduction and a quick end to wartime controls were among the issues stressed today when House Republicans met to pool their ideas for a legislative program.

No decisions were made, but for two hours the GOP members discussed suggestions for a statement of policy which they hope will lead to victory in the 1946 elections.

Floor Leader Martin, of Massachusetts, told reporters the caucus held in executive session, was the "first step toward the drafting of a 'positive program' of legislation."

It was an "airing" session, not a decision-making one. He will appoint a group of five or six members of the Republican Steering committee to co-ordinate the ideas and boil them down. After that, he said, the group will work with the Senate Republicans to iron out any differences of opinion.

"It will be a short program," Martin said. "We don't want the people to go to sleep while they're reading it."

No specific bills before the Congress were discussed, he added. But emphasis was placed on "ending wartime controls" quickly and reducing taxes.

President Truman's program came in for considerable discussion, members said privately. Martin said only that "he was mentioned."

Several members suggested that the party get more action on a permanent Fair Employment Practices Committee, an issue on which Democrats are split. Southern Democrats have battled FEPC strenuously.

Congress Names Its Pearl Harbor Investigators

Group Will Meet Tuesday; Truman Wants Navy Spending Trimmed

WASHINGTON, Sept. 14 (AP)—Congress picked its Pearl Harbor investigators today. House Republicans set out to pick up votes. And congressmen tackled such subjects as:

1. Surplus merchant ships.
2. Government reorganization.
3. The navy's size.
4. Farm prices.
5. A national lottery.

The inquiry into what happened at Pearl Harbor—and why—won't start for a while. The investigating committee meets Tuesday to make plans. The members:

Democrats—Sens. Barkley, Kentucky; George, Georgia; Lucas, Illinois; Rees, Cooper, Tennessee; Clark, North Carolina; and Murphy, Pennsylvania.

Republicans—Sens. Ferguson, Michigan; Brewster, Maine; Repe, Keefe, Wisconsin; Gerhart, California.

Barkley, the Senate Democratic boss, will run the show.

House Republicans made plans for next year. Now twenty-nine shy of a majority, they want to snatch House control from the Democrats in the 1946 election.

Navy Day in Congress
Today they tossed ideas around such as quick lifting of wartime controls and tax reductions. Later they expect to mold the ideas into a short but "positive" party program. They hope it wins friends and influences people—to vote Republican.

This was a navy day in Congress.

President Truman suggested a review of the navy's shipbuilding program. He wants navy spending trimmed nearly \$17,000,000,000.

The House Naval committee promptly decided to consider the size of the peacetime fleet next week.

The Senate Military committee will check on the rate of navy discharges Monday.

The army this week assured the same committee that soldiers will be let out as fast as possible.

Gen. George C. Marshall, sent congressmen booklets telling why it's so hard to release men faster.

The legislators can have all the copies they want to send back home, to the folks who have been jamming the mails with letters.

Blustery Emory S. Land, Maritime Commission chairman, asked a Senate subcommittee for congressional approval fast—to sell merchant ships which aren't needed any longer.

"We are losing our market every day until this bill is passed," he said.

Senate Passes Minor Bills
Another Senate subcommittee listened to a string of witnesses on Mr. Truman's request for authority to merge or abolish government bureaus or commissions.

Most of them favored the idea. One wanted the Interstate Commerce Commission exempted.

Chairman Elmer Thomas (D-Okla.) said the Senate Food Investigative committee had received complaints that the Commodity Credit Corporation is "beating down farm prices." The committee intends to find out about that.

The Senate approved a few presidential appointments, passed a few minor bills—and one to give permanent five-star rank to top generals and admirals—and heard a few speeches. The five-star bill went to the House for action.

The House said a routine session, too. Mostly oratory.

Rep. Barry (D-NY) proposed a national lottery, the profits to go to disabled veterans.

Russia May Ask For Dodecanese

Claim Is Reported Filed with Foreign Ministers

By JOHN A. PARRIS, JR.
LONDON, Sept. 14 (AP)—Russia was reported on good authority tonight to have entered a claim before the Big Five Council of Foreign Ministers for a share of Italy's Mediterranean possessions—possible the strategic Dodecanese islands off the Turkish coast.

This reported Soviet action came as the council invited all the nations which had been at war with Italy to submit their "views in writing" on the drafting of the Italian peace treaty.

Observers said that the Dodecanese islands possibly attracted strong Russian interest since they cover the southern approach to the Dardanelles, linking the Black sea and the Mediterranean. Historically Russia has shown a desire to control the Dardanelles.

The Greeks already have made strong demands for the Dodecanese. In addition to the invitation to all of Italy's former foes to submit written suggestions on the peace treaty, the council extended an invitation to seven smaller countries to attend a council meeting on Monday, at which they could express the attitude of their governments on the settlement of the Yugoslav-Italian frontier.

The action threw open the peace question to all territorial demands which have been made by neighboring countries upon Italy and her colonies, but it did not guarantee that any proposals submitted would be adopted in the final treaty draft.

At the suggestion of the Chinese minister, Dr. Wang Shi-Chieh, invitations were sent to Yugoslavia, Italy, Australia, Canada, India, New Zealand and South Africa to nominate representatives to attend next Monday's council meeting, a communiqué said.

Homma Prepares To Give Self Up

Jap General Instigated Bataan "Death March"

By AD DOPKING
TOKYO, Saturday, Sept. 15 (AP)—Lt. Gen. Masaharu Homma, held responsible by Gen. MacArthur for the ghastly "Death March of Bataan," arrived in Tokyo today and told the Associated Press he was preparing to surrender himself.

The cur general who had accepted Gen. Jonathan Wainwright's surrender in the Philippines in the grim early days of 1942 told me at a railroad station:

"I am ready to take responsibility for any act of my subordinates" in the Philippines.

Homma, earlier reported to have died to his ancestral home, said he learned from a friend that he was No. 11 on MacArthur's "wanted" list.

He then came from his home on the island of Sado off the Northwest Honshu coast.

Homma reached the Uno station in Northwest Tokyo at 7 a. m. B. in Friday Eastern War Time, accompanied by four Japanese civil police from Niigata. He was met by four gendarmes.

His wife and daughter also were with him.

Appearing like anything but a general, the English-speaking officer was wearing a blue suit and stopped in Tokyo prior to proceeding to Eighth army headquarters in Yokohama.

Homma said he retired from the army in August, 1943.

Asked about the infamous death march during which many Americans and Filipinos were tortured and died, Homma said he had not seen any indications that Americans were abused.

He found a small bottle of water above the driver's seat had formed a magnifying lens and the sun's rays had ignited the upholstery.

The small blaze was extinguished with water from the bottle.

150-Mile-an-Hour Winds Accompany Storm, Expected To Strike Today

Thousands of Persons in Exposed Areas Begin Trek to Safety; Navy Air Base Is Evacuated

MIAMI, Fla., Sept. 14 (AP)—A tropical hurricane described as relatively small but extremely dangerous roared toward the Florida Keys tonight after reportedly creating "colossal" havoc in Turks island with winds upward of 150 miles an hour.

A Turks island observer reported to weather officials that the 150-mile wind felt there was a "conservative estimate." No other information came out of the stricken island at the eastern fringe of the Bahamas.

The storm at 11 p. m. EWT, was centered about 310 miles southeast of Miami moving west-northwestward, and gave no indication at that hour of a recurve toward the north which would bring it closer to populous cities on Florida's "Gold Coast."

Six army men who flew through the storm to its very eye reported its velocity was so great that it threatened a potential for disaster to any big city it might strike.

Weather officials backed up the army flyer's report by issuing a steady stream of warnings to inhabitants of exposed places to seek safety against tremendous winds and high tides.

1935 Storm Is Recalled
The hurricane apparently approached in violence the vicious storm that swept across the Florida Keys on Labor day, 1935, and larger in diameter. The area of hurricane winds was reported by Forecaster W. O. Johnson to stretch outward about 100 miles from the center.

Thousands of persons in exposed areas began to trek to safety under coast guard Red Cross and weather bureau warnings and disaster committees reported to stations as the hurricane equalling the disastrous one of 1926 approached.

Schools, police stations and other public buildings were thrown open to refugees throughout South Florida. The federal storm warning service estimated that squalls would be felt in this area tomorrow morning, building up to gales and then howling hurricane winds as the center passed probably over the Florida Keys Saturday afternoon.

Grand Jurors Return Nine Indictments

**Thirty-eight Witnesses
Heard; No Larceny
Cases Included**

By GEORGE H. HANST
OAKLAND, Sept. 14—The Sep-
tember grand jurors during their
deliberations this week had before
them thirty-eight witnesses. They
returned nine indictments before
adjoining, the smallest number on
the docket for several years. V. G.
Pew, Kitzmiller, acted as foreman,
with R. L. Emory, Bittering, and
Paul B. Naylor, Oakland, as clerks.
No action on the fatal accident
at Red House was taken, accord-

ing to Neil C. Fraley, state's attor-
ney, because the only witness, Harry
Ashford, is unable to leave the hos-
pital at Keyser, W. Va., to testify
concerning the wreck which caused
the death of his wife.
Another unusual fact is that
there are no larceny indictments
this term, Fraley said.
An indictment of possession of
liquor for the purpose of sale, and
another indictment on having illegal
gambling machines in his posses-
sion were returned against William
Shirer of the Dixie tavern, Route
40.

The tavern was raided about 11:30
p. m. Saturday by Sheriff George
E. Coddington, Deputy Sheriff J. S.
Teas and Constables C. S. Zeller
and James Pike.
Sheriff Coddington said two slot
machines and several bottles of
liquor were confiscated. Shirer is
being held under \$1,000 bond for
his appearance at court.

The petit jurors will be called
Monday morning, September 24,
when the cardinal docket will be
taken up.
Prior to adjoining the grand
jurors made an inspection of the
jail, sheriff's residence and court
house. They recommended that the
timber supports under the sheriff's
residence be replaced and the iron
work in the cat walk be painted.
Other court house offices were in-
spected and a notation made of
carefully kept records.

Bid For Hospital

At the regular meeting of the
mayor and city council of Oakland
this week the members went on re-
cord favoring the establishment of a
veterans' hospital in this county and
asked E. Ray Jones, city attorney,
to prepare a resolution to be pre-
sented to the Veterans' Adminis-
tration in Washington, making a for-
mal request for the hospital to be
located here.

Efforts to have the hospital con-
structed in this area were started
several days ago and the county
commissioners prepared a similar
resolution last week. The Oakland-
Mt. Lake Lions Club went on record
also favoring its establishment.
A report of Arthur Lawton, clerk-
collector, for a six-month period
showed receipts of \$19,962.89 and
expenditures of \$12,132.17.
August collections amounted to
\$7,086.54 which included \$340.08
from water, \$6,010.51 from taxes and
\$704 from state income tax of 1944.
August expenditures totaled \$1-
917.73. Movie tax receipts for the
month from the Maryland theatre
for Sunday movies amounted to
\$69.40.

Wins Bronze Star
Staff Sgt. McComas J. Murphy, in-

fantryman, recently received the
Bronze Star for heroic achievement
in action on April 6, 1945, in the
vicinity of Buchof, Germany.

The citation reads, "When his
squad was ordered to withdraw,
Sgt. Murphy, although seriously
wounded in the shoulder, remained
in position and covered the with-
drawal. When wounded a second
time he still remained in position
until his squad reached its new po-
sition."

Murphy is a son of Mrs. Etta
Murphy, Deer Park. He entered the
service in February, 1943. He went
overseas last November and is now
in Ulm, Germany, with his infantry
unit.

Satisfied with Program

Here for the purpose of making
a check-up of the forest areas and
the result of the establishment of
the fifty-cent fee for use of parking
facilities in the state forests, Joseph
P. Kaylor, state forester, declared
Tuesday he felt the new program
was meeting with ninety per cent
success.

Collection of fees under the new
program was conducted at the
Swallow Falls and New Germany
areas for part of the season, but
there was no collection this year
at the Herrington Manor tract. He
said the program thus far had met
with more favor in other parts of
the state than it had in Garrett
county.

Since the program was announc-
ed there was much verbal oppo-
sition here in regard to making a
charge on state-owned recreation
areas, and at least one local organi-
zation had made the protest in
writing.

Kaylor pointed out that most of
the money appropriated for the
forestry department was for fire
control and that no extra funds
were available to maintain properly
and police the recreation areas. The
commission had decided on the
parking charge as the best solu-
tion.

"I'd gladly accept a better solu-
tion from those who oppose the
present plan or from any other per-
son," he said.

A \$2 permit, good for an entire
season, was available to those who
lived near an area and who made
frequent trips there.

He declared there had been a
noticeable reduction in vandalism
in other parts of the state and that
the recreation areas were being
policed, resulting in improved sani-
tary conditions.

W. M. Kildow Dies

William M. Kildow, almost 92
years old, died Saturday, September
8, at the home of his daughter,

Mrs. Pearl MacGarry, in Englewood,
Calif.

Mr. Kildow was born in Oakland
and spent his lifetime here until
a few years ago, as a carpenter.
Prior to going to California this
year he had been residing in Ohio
with his daughter.

Surviving him are six children:
Mrs. J. W. Street, Oakland; Mrs.
J. G. Bennett, Mrs. MacGarry and
William E. Kildow, Englewood;

Public Is Evenly Split on Question Of How Jobs Are To Be Supplied

By GEORGE GALLUP
Director, American Institute of Public Opinion

PRINCETON, N. J., September 14.—One of the most hotly debated topics in Washington today is the question of "full" or "high-level" employment.

Much of the problem revolves around the question: Can business achieve a high level of employment without the aid of the government—or must the government step in to help by providing those out of work with jobs?

The public appears to be as widely split on the issue as some of the debating senators.

When field reporters for the Institute talked with people in all parts of the country on the issue one half of those with opinions said they think business can achieve high level employment without the government having to provide any work projects like the old WPA or PWA. The other half said they think the government is going to have to step in to lend a hand for at least some of the time.

The question used to measure sentiment on the issue:

"Do you think that business firms in this country will be able to provide enough jobs for nearly everyone during the next five years, or will the government have to step in and provide work like the WPA or PWA?"

The replies:

Business will be able to provide enough jobs 42%
Government will have to provide work 42%
No Opinion 16%

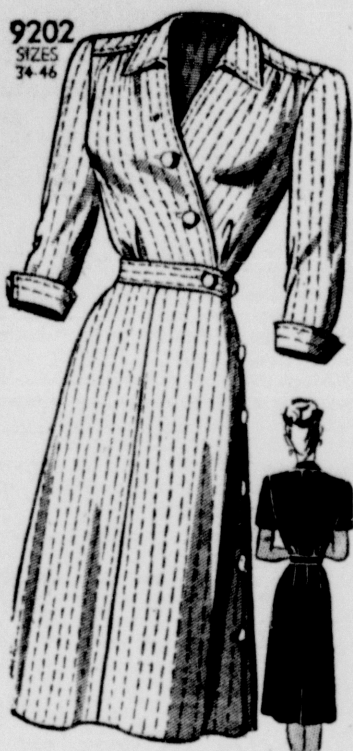

The way a person feels on the issue varies sharply with his economic status as reflected by the kind of work he does and how far he happens to have gone in school.

The majority of persons with opinions who have not gone beyond grade school think the government will have to step in to help business provide jobs for almost everyone. A majority of those with opinions who have attended either high school or college believe that business can do the job itself.

Again, among those with opinions, majorities of professional and

business people, farmers and white collar workers think business will need no help from the government in providing jobs. Whereas among the manual workers who would suffer the greatest unemployment in a depression the opposite is true, a majority feeling the government will have to help if all workers are to have jobs.

This does not necessarily mean that there is any marked pessimism among people as a whole about the future. In fact, replies to a second

FSA Supervisor Lists Services

Family-type farmers, including veterans in Allegany county, are eligible for four services made available by the Farm Security Administration at Garrett National Bank building, Oakland.

Services will also be available the first and third Tuesdays each month at Room 2, Post Office building, city.

According to William H. Babylon, FSA supervisor, these services are as follows:

1. Operating loans—These loans are made for almost all farm and home needs which will help families increase production; improve soil, buildings and home conditions. Loans are repayable in one to five years at five per cent interest. At present, thirty-two Allegany county farmers are finding these loans helpful.

2. Group loans—These are community service loans made to two or more farmers to buy heavy machinery, purebred sires, etc. These loans are usually repayable from three to five years at five per cent interest.

3. Farm ownership loans—These loans are made under the terms of the Bankhead-Jones Farm Tenant act of 1937, which provides 100 per cent loans to enable tenants, sharecroppers, and farm laborers to buy farms of their own. Loans are repayable over a period of forty years at three per cent interest. Similar loans are also made to small landowners to buy additional land for making a family-type farm unit.

4. Technical guidance—FSA is not merely a lending agency. Educational assistance is tied in with money lending by developing farm and home plans with each family each year. In so doing, each family secures suggestions from the supervisor on improved farm and home practices which will lead to greater yields in crops, more profit from livestock, improved soil and buildings, production of year round family food supply, better health through sanitation, safe water, and proper diet. Finally, FSA supervisors encourage all families to keep their children in school, attend the church of their choice, and participate in other community activities.

"The secret of success of FSA families is planning ahead, keeping records of transactions, thrift in living, and hard work in production of food and feed along with soil conservation practices. This is a democracy in which each individual should have an opportunity to find his proper place. Then, it is only natural that the individual, independent family-type farm is the backbone of American democracy," Babylon said.

questions, asked only of those who said they think the government will have to help out, emphasizes a strong underlying note of optimism. The question:

"Do you think the government will have to provide work steadily during the next five years, or only part of the time?"

Steadily 13%
Part of the Time 25%
Don't Know 4%

Thus, only about one in every eight among the people questioned in the survey thinks the governmental aid will be needed all of the time.

Gunboat Will Become Presidential Yacht

WASHINGTON, Sept. 14 (AP)—A 245-foot gunboat, the Williamsburg, will become the presidential yacht late in October or early November.

The White House has disclosed that the old presidential vessel, the Potomac, had been condemned as unseaworthy.

Now undergoing general overhaul at the Norfolk navy yard, the Williamsburg, originally a yacht, was built in 1931 for Hugh J. Chisholm, New York city. The navy purchased it and converted into a gunboat in 1941.

Col. A. M. Miller, III, To Wed Miss Jean L. Somerville

Engagement of Former Cumberland Is Announced by Mother

Mrs. Harry Bower Somerville, 363 West Anderson street, Hackensack, N. J., and formerly of this city, announces the engagement of her daughter, Miss Jean Lowe Somerville, to Alexander Macomb Miller, III, colonel of the United States cavalry, son of Mrs. Alexander Macomb Miller, Jr., and the late Col. Miller, Washington, D. C.

Miss Somerville, the daughter of Mrs. Somerville and the late Harry Bower Somerville, Cumberland, is a graduate of the University of Maryland and is now a member of the faculty of Teaneck high school, Teaneck, N. J. She is a granddaughter of the late Mr. and Mrs. Duncan R. Sloan, Lonsdale, and of Mrs. William McLane Somerville, 119 Washington street, and cousin of former Judge and Mrs. D. Lindley Sloan, The Dingle. Her brother, Col. Duncan Sloan Somerville is on his way to the Pacific after serving in the ETO.

Col. Miller, a graduate of the United States Military Academy, has just left for further duty in the Pacific area from which he recently returned on leave after three years overseas service.

No definite plans have been made for the wedding.

Music and Arts Club Opens Season With Dinner Party

A dinner and musical program marked the opening meeting of the season of the Music and Arts club Thursday evening at the All-Glean Shrine Country Club. Mrs. William R. Ludman, president, welcomed the group and Miss Daphne Thomas was toastmaster.

The program opened with group singing under the direction of Mrs. Edward Seymour Pelling, III, with Mrs. Anthony Bollins at the piano. It included selections by Miss Betty Wilson, Froberg, soprano; and Mrs. Edmund J. Gernt, Luray, Va. violinist. Mrs. Maurice Matteson and Mrs. Marguerite W. Richards were the accompanists.

Informal talks on vacations spent in various parts of the country were given by Mrs. R. T. Kerlin, Mrs. Harry G. Parker, Mrs. Richards, Mrs. Pelling, Mrs. Frank Stuart Rowe, Mrs. R. L. Critchfield and Miss Dorothy Willson. A gift was presented to Mrs. Pelling, a recent bride.

Pastel colored flowers and tapers decorated the tables and Mrs. Ludman made place cards of birch bark and cones which she brought back from her vacation in Maine. Covers were laid for thirty-six guests.

WEBSTER ADVISES STUDENTS TO MAKE MOST OF SCHOOLING

Ralph R. Webster, Allegheny high school principal, cautioned students yesterday to make the most of the opportunities offered in the schools. Speaking before upper grade students at the first assembly of the year, Webster pointed out that he had received many letters from servicemen who regret they wasted their time in school and now find they are not prepared to take advantage of the college education offered them through the GI Bill of Rights.

Webster explained the traditions of the school and meanings of the flag and ring to an assembly of seventh, eighth and ninth grade students. Courteous conduct, regular attendance and appreciation and responsibility in taking care of school property should be the objectives of the year, Webster said.

Miss Mary Murray, Alcohol Mirror adviser, explained the details of the subscription contest.

A total of 1,411 students in grades the enrollments are: seventh, 224; eighth, 257; ninth, 244; tenth, 284; eleventh, 212, and twelfth, 190.

Allegheny Nurses Plan Educational Meeting Programs

Plans were formulated at the meeting of the Allegheny Hospital Nurses Alumnae Association Wednesday evening to have special educational programs at the monthly meetings. They will be under the chairmanship of Mrs. Stella Sell and will include talks by guest speakers on the administration and use of the newest medications and treatments.

Miss Alta Earl presided and the group decided to raise funds for the association and award a turkey as the prize. The committee in charge includes Miss Martha Lee Harris, Mrs. Eleanor Ray and Miss Earl.

Final plans also were discussed for the banquet to be given in honor of the graduates by the association Tuesday evening and it was announced that the hospital staff will also be guests. Everyone is requested to meet at 6 o'clock in front of the hospital so that transportation can be arranged for persons not having cars.

Miss Earl announced that the association has been invited to attend class night and the dance by the Preliminary class to be given following the play. She requests all graduates to meet at Carroll hall, in full uniform, at 7:10 o'clock September 20, to form a guard of honor for the graduates.

The next meeting will be held October 10 when a program will be presented and will be followed by a social hour marking the Halloween celebration.

Presbyterian Young Women To Meet

The Young Women's Group of First Presbyterian church will resume its meetings after the summer recess at 8 o'clock Monday evening at the home of Mrs. John Robb, 800 Washington street.

Miss Ann Blakeslee Smith will preside and plans for the program for the year will be formulated and routine business will be transacted. Mrs. E. Allan Cook will be in charge of the devotionals.

An informal get-together will be held following the business session.

Sulphur Springs Church To Have Homecoming

The Sulphur Springs Methodist church near Paw Paw, Va., will celebrate its thirty-fourth anniversary at the annual all-day meeting and home-coming Sunday.

The program will begin with the Sunday school services at 10 o'clock under the direction of Mrs. Elwood Crabtree. Talks will be given by various former pastors at both the 11 o'clock and 2 o'clock services. They will be presented by the Rev. Adam Grim, pastor.

A Florida Wilson will lead the community singing and Mrs. Adam Grim will lead the robed junior choir with Walter Mueller at the organ.

Blue Bird Club Meets

Mrs. Homer Willson was hostess to members of the Blue Bird club at her home, near Twiggstown, Wednesday evening and plans were formulated for a winter and corn roast to be held in Constitution park September 19.

The next meeting will be held at the home of Mrs. Margaret Brotemarkle with Mrs. Edith Nixon as hostess. Thirteen members attended the meeting.

Woman Asks Divorce

Mrs. Hope Stewart Rodgers filed suit in circuit court for divorce from Frank M. Kinney, alias Richard Leroy Rodgers, and asked the right to resume her maiden name.

Mrs. Rodgers charged that Kinney married her while married to another woman. He was convicted October 24, 1941, in circuit court on a bigamy charge.

Suit for partial divorce was filed by Mrs. Dorothea Cleo Green against Lawrence Frank Green, North Centre street.

East Side Club Plans Year-round Recreation Program

Flooding Playground for Ice Skating To Be Feature

The East Side Recreational club formulated plans for a winter program at the meeting Thursday evening at the home of Mrs. Thomas Buser, Central avenue, and Stanley Goodrich, president, announced that \$205 was cleared at the festival given by the East Side Playground Association recently.

Flooding of the playground for ice skating and having benefit plays given by several church committees are the highlights of the winter program. Mr. Goodrich, Mrs. Agnes Baker, vice president, and Thomas Will, treasurer, are the officers of the association, which functions during the summer months and the club which operates during the winter. Anyone interested in the work is welcome to join the club.

Mr. Goodrich reported that a number of booths were built for the festival this year, an innovation from the single stand last year; and that the electric wires had been cut, necessitating rewiring work, which was completed after a heavy rain. The proceeds from the festival and the funds in the bank will be used to build a new shed, half brick and half frame, which can be used as a refreshment stand during the winter when there is ice skating. Banking of the playground in order to flood it will also be under the chairmanship of Mr. Goodrich. Skating will be for children and adults.

Mrs. Florence Weires reported on church committees voting to present plays for the benefit of the association and Mrs. Clarence Stewart reported that the association built new benches for the playground this summer, and the Park commission, under the chairmanship of Hunter B. Helfrich, provided toilets.

Marriage Is Announced

The marriage of Miss Madeline C. Stansberry, daughter of Mr. and Mrs. Marvin Stansberry, 1306 Lexington avenue, this city, to Mitchell R. Hanson, Rochester, Minn., has been announced.

The ceremony was performed July 13 in Calvary Evangelical church, Baltimore, with the Rev. Vernon E. Miller officiating. Mrs. Sadie Robinson was matron of honor and the bride's only attendant, Joseph Stang, served as Mr. Hanson's best man.

Mr. and Mrs. Hanson will reside at 2121 Walbrook avenue, Baltimore.

Agatha Roberts To Become Bride of James L. Johnson

Former Cumberland and Her Fiance Are Both in Research Work

Mr. and Mrs. S. Blakeslee Roberts, Milbrook, Conn., former residents here, have announced the engagement of their daughter, Miss Agatha Roberts, to James Leslie Johnson, Greenwich, Conn., son of Robert T. Johnson, Kipling, N. C., and the late Mrs. Johnson.

The bride-elect attended Allegheny high school here while her father was assistant plant engineer at the local Celanese plant, and was graduated at Narrows, Va., high school, when her father was transferred there. She was graduated last year from Hollins college, Hollins, Va., where she was an honor student. The family recently moved to Connecticut when Mr. Roberts was made chief engineer of the Celanese corporation with headquarters in New York.

Miss Roberts is a granddaughter of Mr. and Mrs. Miles Roberts and of Mrs. Clinton W. Gilbert and the late Mr. Gilbert, Washington correspondent of the Evening Public Ledger, Philadelphia, and from 1913 to 1918 associate editor of the New York Tribune.

Mr. Johnson attended Campbell college and was graduated from the University of North Carolina. Both he and Miss Roberts are employed in the Stamford, Conn., research laboratories of the American Cyanamid Company.

The wedding ceremony will be solemnized September 22; Mr. Johnson and his bride will reside in Stamford.

Yvonne Rogers Will Enter University

Miss Yvonne Rogers, daughter of Mr. and Mrs. A. L. Rogers, 211 Saratoga street, will leave today for Athens, O., where she will enter the College of Commerce of Ohio university.

A graduate of Allegheny high school with the June class, Miss Rogers was active in extra curricular activities including dramatics, taking part in most of the productions, the lead in "Janie," and serving as president of the Dramatic club. She also was a member of the staff of the Alcoholic Mirror and the Allegheny, the Spanish club and the Girls Hi-Y club.

Her outside activities included working in the radio work shop conducted by WTBO and teaching in Centre Street Methodist Daily Vacation Bible school and the regular Sunday school.

Market Dips after 11 Successive Sessions without Average Stumble

By VICTOR EUBANK
NEW YORK, Sept. 14 (AP)—The stock market suffered its long-expected technical correction today, after eleven successive sessions without a single average stumble, but the reaction was far from serious and selling notably timid.

Transfers of 1,020,000 shares compared with 1,700,000 shares the day before and were the smallest for a full stretch since September 5.

Aircraft dipped substantially following a rather pessimistic statement by the president of Douglas regarding private and military contract cancellations.

The Associated Press sixty-stock composite was off 4 of a point at 69.1, first recession since August 29.

New tops for the year or longer were posted for Armour and Davison Chemical, among others.

Casualties included Douglas Aircraft, Lockheed, Bell Aircraft, Boeing, Sperry, United States Steel, Chrysler, General Motors, Goodrich, United States Rubber, Western Union, Santa Fe, New York Central, Pepsi-Cola, Westinghouse, General Electric and Sears Roebuck.

Rising in a spotty curb were Pepperell, American Cyanamid and Raytheon. On the offside were American Gas, Electric Bond and Share, Solar Aircraft, Textron and Cuban Atlantic Sugar.

The bond market shuffled along at a slow pace today with little in the way of a central direction except in some favored industrials.

The more active rails had as many losers as gainers and in most cases changes were in fractions. Sales of \$4,470,000 attested to a quiet day and compared with \$5,810,000 on Thursday.

Australia 4 1/2%, Canada 3% and Chile 6% were among foreign loans making some progress.

Enlisted Men's Furloughs Are Not Cumulative

By BEATRICE FAIRFAX
Famous Authority on Problems of Love and Marriage

Dear Miss Fairfax:
My brother who spent forty-four months overseas received an honorable discharge from the army. During this time he received no furloughs and was informed by an officer that he would receive pay for all furlough time due him. Where can he apply for this?

G. W. O.

The War department informs me that enlisted men's furloughs are not cumulative. Therefore, no such request for payment may be made.

Flight Officer's Pay
Dear Miss Fairfax:
Is the pay of a flight officer more or less than a second lieutenant? And where does he stand in grade?

D. G.

A flight officer draws pay equivalent to a second lieutenant. This grade is between a warrant officer and second lieutenant.

Not Entitled to EMIC
Dear Miss Fairfax:
After serving almost two years in the WACs I have been honorably discharged. I'm expecting my baby in five months. My husband is a first lieutenant in the army. Am I entitled to maternity leave?

D. F. E.

WACs are not eligible for care under the Emergency Maternity and Infant Care program by virtue of their military status. They are eligible only if their husbands are in one of the four lowest pay grades, are aviators in cadets. As your husband is a lieutenant, you would not be eligible.

Number of Enlisted Men
Dear Miss Fairfax:
My son who is an officer in the army has sufficient points to be discharged from the service. But he says he doesn't think he will be able to come home. Can you explain this?

CAPTAIN'S MOTHER
The plan for releasing officers from the army is tougher than the

plan for enlisted personnel, because officers have received additional training, have heavier responsibilities, and have developed specialized skills and leadership capacity. They must be handled more on an individual than a group basis. Military necessity is the prime requirement, and is considered before his rating score.

"Military necessity" means consideration must be given on an individual basis to the relative utility of an officer, need for his specialty, and whether or not there are assignments which will make use of his capabilities. Officers who have been overseas a long time, and in combat, will be given special consideration, also, an officer's desire

to remain in the service is considered.

If an officer is declared surplus by his theater commander, he may be retained if he is needed by any other unit.

Dear Miss Fairfax:
How many enlisted men in the army are fathers? I read somewhere that fathers represent nineteen per cent of the army.

(MRS.) H. F.

The approximate number of fathers among enlisted men in the army is 1,400,000.

Method Used in Releasing Officers
Marine Corps Deposit Fund
Dear Miss Fairfax:
Is it true that a marine can put his money in a savings bank and cannot touch the money until he gets a discharge from the services, under any circumstances?

PUZZLED
The marine corps maintains what is known as a marine corps deposit fund in which personnel may deposit their pay. These savings draw four per cent interest per year, and may not be withdrawn until personnel have been discharged, or by special order from the secretary of the navy.

Marines enlist for a period of four years. If at the end of four years, they do not desire to re-enlist, the money may be withdrawn.

If you're in the service—army, navy, marine corps or coast guard—and you have a problem regarding insurance, allowances, allotments, maternity and infant care for wives and children, or desire the answer to any other service question, write to Beatrice Fairfax, care of this paper.

License "Rigamarole" Helps Man To Decide

DENVER, Sept. 14 (AP)—A man who had obtained a marriage license came back to the license bureau.

"Say," he asked Mrs. Ruth Bridgford, the cashier, "if I want to marry another woman, do I have to go through all this rigamarole again—license, blood test and all that sort of thing?"

Mrs. Bridgford assured him that he did. The man mused a moment, pursed his lips, shifted from one foot to the other, then said, "Well, I guess I'll marry this one."

We believe this because it has become the American tradition. This has been a land of fabulous achievement, of sudden leaps to fame. We have seen so much success that it has turned our heads. We have forgotten the fundamental rules of life.

We have forgotten that nothing is free and least of all success. For, however glittering success may seem to the bystander, it's not glittering inside. True greatness is never comfortable. It's always the toughest test we can face.

"The price of greatness is responsibility." . . . and responsibility is a twenty-four hour pain in the neck. It's a grim grind—an endless challenge and contest.

Our fathers knew this. They learned it the hard way. This nation was not achieved in one spectacular gesture. It was made by millions of monotonous motions—by the swing of a million axes—by the drive of a million shovels and the thud of endless booted heels. And the more they built, those first Americans, the more they had to build. For they were fighting worse things than desert heat or winter frost or Indian raids. They were fighting human greed and laziness and discouragement. They were fighting themselves. They wanted greatness but they had to pay for it over and over every second of their lives.

Two Appointments Made by Legion Vice Commander

Frank T. Powers Names Kenney and Rankin in Mountain District

By RUDOLPH NICKEL
PROSBURG, Sept. 14—Frank T. Powers, recently elected American Legion vice commander for the Mountain district of Maryland, announced the appointments today of James Kenney, Westernport, as membership chairman of the district, and William Rankin, Lonaconing, as district inspector.

Kenney is a past commander of Victory post, Westernport, and is a member of the executive committee of the Maryland department. Rankin, a member of James P. Love post, Lonaconing, is the immediate past vice commander of Mountain district.

Powers stated that he will appoint six additional committee chairmen for the district within the next week.

Will Attend Convention
A delegation from Frostburg City Lodge No. 88, Knights of Pythias, will attend the district convention of the order to be held Monday evening, in Cumberland with Cumberland Lodge No. 60 as host.

Frostburg Pythians planning to attend are asked to contact Frederick Crowe, past chancellor, or Robert Bowen, keeper of records and seal of the local lodge.

Frostburg Briefs
Mr. and Mrs. Edward Shannon Spring street, announce the birth of a daughter Saturday in Miners hospital.

Mr. and Mrs. James Felker, 231 Welsh Hill, announce the birth of a daughter Friday morning in Miners hospital.

Mr. and Mrs. Roy Yates, 129 Mt. Pleasant street, announce the birth of a daughter Thursday night in Miners hospital.

G. D. Hocking, president of Fidelity Savings bank, is having an ornamental stone wall erected in front of his residence, 140 East Main street.

A concrete sidewalk was recently laid from the corner of Main and Bowers streets for an entire block to East Main street.

The condition exists mainly on the lines owned by the Mt. Savage Water Company, with headquarters in Cumberland.

For the past month the water has been very scarce with too little force to carry a supply to the second floors of residences. However, for the past several days the supply had been very plentiful and adequate for all users.

In the Church Hill and New Row sections the water stopped running shortly after noon Tuesday.

A number of citizens had wells dug during the summer to overcome the shortage and at the present time a well is being dug to supply water to St. Patrick's church, school, rectory and convent, as this property is in the section where the water shortage has been most acute.

It has been reported that the pump in one of the main cisterns is broken and is being repaired by the company.

Brief Notice
A party for the benefit of Jennie Run Council, Junior Order of United American Mechanics, will be held Saturday at 8:30 p. m. in the Junior Order hall, Main street.

Parents, Mr. and Mrs. James Knepp, Water street, this city.

Pfc. Paul Slingsloff is visiting his parents, Mr. and Mrs. Harry Slingsloff, Beal street. He recently returned to this country after serving eighteen months in France and Belgium. While in Belgium, Pfc. Slingsloff met his cousin, Staff Sgt. George Cooper, for the first time in four years.

Arthur Huggelstone, son of Mr. and Mrs. James Huggelstone, East Main street, underwent an appendectomy in Miners hospital Thursday evening.

First Lt. Charles H. Gover, husband of Mrs. June Ort Gover and son of Mrs. Lucy Gover, Beal street, has reported to Kearney field, Neb., after spending a fifteen-day leave with his wife and mother.

BECOMES BRIDE SEPTEMBER 27

MISS JANE ELLEN GALLAGHER

MT. SAVAGE, Sept. 14—Mr. and Mrs. John F. Gallagher announce the engagement of their daughter, Miss Jane Ellen Gallagher, to Francis James Mulligan, son of Mr. and Mrs. James Mulligan. The bride-elect is owner and operator of a local beauty salon. Mr. Mulligan is employed on the staff of the Celanese Corporation of America. The marriage ceremony will take place at a nuptial mass September 27 in St. Patrick's Catholic church.

Water Situation Becomes Critical

By CATHERINE O'ROURKE
MT. SAVAGE, Sept. 14—The local water situation, which had improved for the past week, became critical Tuesday with many homes completely without water.

The condition exists mainly on the lines owned by the Mt. Savage Water Company, with headquarters in Cumberland.

Ice Cream Plant, Oakland, Merges With Creamery

Omaha, Neb., Concern Affiliation Causes No Changes

By GEORGE H. HANST
OAKLAND, Sept. 14—Garrett county patrons of the Imperial Ice Cream Company's plant at Oakland were being notified this week of the merger plan of the company with the Fairmont Creamery Company, Omaha, Neb., which took effect a few days ago.

The local plant will operate as the Imperial Ice Cream division of the Fairmont Creamery Company and for the time being there will be no changes in the business or plan of operation, according to Prentice DeBerry, manager. There will be the same officials and personnel.

DeBerry said J. H. Randolph, general manager of the Imperial concern, Parkersburg, W. Va., declared plans for the future were to expand and add new lines as rapidly as conditions and facilities would permit. The A. W. Helbig mill, which has operated a sour cream station for the Fairmont creamery for a number of years, will continue to do so.

James A. Towler, Oakland, former owner and manager of the William-James hotel, has been named field representative for the Oakland area and will visit farms of all patrons to discuss problems and outline plans for the continuation of business.

Pastor Transfers
The Rev. John C. Foster, pastor of the United Brethren church at Mt. Lake Park for the past four years, has been transferred by the conference church board, to Vienna, Va., near Parkersburg.

He will preach his first sermon there this Sunday and will move his family to that town sometime next week.

The Rev. Mr. Foster will be succeeded at the Park by the Rev. George W. Simpson, who will begin his duties there Sunday morning.

The parish includes churches at Loch Lynn, Paradise and McHenry.

Churchmen To Meet
The Mt. Lake Park Baptist church will be host to the Sunday schools of the Western District Association Monday, September 17, it was announced by the Rev. George H. Coker, pastor.

The ten churches comprising the association will send their officers and teachers to the meeting to discuss the business and plans for the future of each of the church schools. The meeting will start at 7:45 p. m.

Among the highlights of the program will be an address by Dr. William J. Crowder, field secretary of the Maryland Baptist Union Association.

Three-ers Meet
Capt. Charles E. Hoye entertained the board of directors and officers of the Garrett County Historical Society at dinner at the Green Palm restaurant.

Hoye offered to donate two \$75 war bonds to the society if it was incorporated and the bonds allowed to mature for ten years. His offer was unanimously accepted and a vote of thanks tendered him for his donation.

The board was represented by Miss Elizabeth West, Great Glades; B. O. Aiken, the Accident district; John W. Holman, Friendsville; president; Miss Viola Broadwater, Grantsville, first vice president; George Rodenheaver, Oakland, second vice president; and Miss O. V. Dunham, Oakland, secretary.

Hoye, a former president of the group and main organizer of the association a few years ago, is the editor for the association's quarterly publication, The Glades Star.

Nurse Marries
Lt. Julia M. Gonder, ANC, daughter of Mr. and Mrs. Joseph M. Gonder, Alder street, Oakland, became the bride of Sgt. John Hoving, New York, at a quiet ceremony performed Saturday, September 8, at St. Paul's Methodist church parsonage. The ceremony was performed by the Rev. Minor Sprague.

The bride's sister, Lt. Jane Gonder, ANC, was her only attendant.

The bride was graduated from Oakland high school in 1939 and upon completing training as a nurse, entered the armed forces in January, 1944. She was in England for sixteen months and is now stationed at Camp Polk, La. She met her husband in England where he was a patient in a hospital there, recuperating from wounds received in combat.

Following the ceremony the couple left for a honeymoon trip to New York.

Funeral Rites Held
Funeral services were conducted in Terra Alta, W. Va., this afternoon for Albert D. Benson, 50, who died suddenly at his home there Tuesday morning, September 11, after having been in ill health for the past sixteen years.

He was the husband of the former Nell Naylor, Oakland, whom he married twenty-four years ago.

Services were from the Baptist church of which he was a member, with the Rev. E. S. Higinbotham, Kingwood, officiating. Interment was in Terra Alta cemetery. The American Legion of that town performed final rites at the grave.

He was a veteran of World War I and a member of the Terra Alta post.

Surviving are his widow, a son and three daughters: Danny M. Benson, Jr., Terra Alta; Mary Benson, Terra Alta; and Mary Benson, Morgantown; five sisters, Mrs. Troy Shahan, Mrs. Deets Parrack, Terra Alta; Mrs. Brydon Hardesty, Hutton; Mrs. Harold Browning and Mrs. Ernestine Wilson, both of Kingwood.

Somerset Group Plans Promotion Meeting Thursday

Citizens Will Organize To Study, Advertise County Assets

By W. A. SHOEMAKER
MEYERSDALE, Pa., Sept. 14—A proposal to form an organization for the promotion of Somerset county will be discussed at a mass meeting to be held at the court house in Somerset at 8 p. m. on next Thursday, September 20.

The project calls for the organization of a group to be known as the Somerset County-Allegheny Tableland Association, whose purpose will be to study the county's assets and possibilities and to advertise them.

Carl M. Friedlander, president of the Somerset chamber of commerce, will preside at the meeting, which is sponsored by leaders in all communities of the county, including seven from Berlin, one each from Boswell, Confluence, Fredens, Little Point, Raleigh, Raleigh and Salisbury; two each from Central City, Hooversville and Jennerstown; seven from Meyersdale, four from Rockwood, fifteen from Somerset, three from Stovestown and eight from Windber.

The Hon. W. S. Livingston, Jr., secretary of internal affairs of Pennsylvania, a native of Somerset county, said he would be happy to be one of the sponsors.

Couple Marries
Miss Rita Ramacciati, daughter of the late Mr. and Mrs. Nicholas Carouse Ramacciati, and Orlando Testa, son of Louis Testa, Meyersdale, were married yesterday morning at a nuptial mass in St. Philip and James Catholic church, Meyersdale, with Father Thomas J. Houghton officiating.

The bride wore a gown of white satin, with inserts of lace in the skirt and bodice, and a tiny white cap to which her finger-tip veil was fastened with pearls. She carried a bouquet of white roses.

Her maid of honor, Miss Evelyn Sherman, wore a gown of light blue faille and net, and a heart-shaped bonnet of blue net, to which a short veil was attached, and carried a bouquet of white roses.

The Misses Josephine Tuscano and Anna Gasperini were bridesmaids, each wearing a gown of blue and net, and matching crowns of flowers and veils, and carried bouquets of mixed flowers.

Stephen Gimble, Jr., served as best man. Ushers were Albert A. Coker, Kennel Square, and Mario Testa, brother of the bridegroom.

Following the ceremony a wedding dinner was served at the home of the bridegroom's brother-in-law and sister, Mr. and Mrs. Harry DiRienzo, Somerset. Friends and relatives from Delaware, Maryland, New Jersey and various parts of Pennsylvania attended.

Following a wedding tour of the South, the couple will make their home at Kennel Square, Chester county, where the bridegroom will engage in business with his brother, Augustine, and uncle, Harry Testa.

Announcement Engagement
Mr. and Mrs. John I. Leslie, Meyersdale, have announced the betrothal of their daughter, Betty Leslie, to Staff Sgt. Jack Gauson, son of Mr. and Mrs. Walter Gauntz, High street.

The bride-to-be is a graduate of the local high school and a student nurse at Memorial hospital, Cumberland.

Sgt. Gauntz is a local high school graduate and a present is serving with the AAF at Ephrata, Wash.

Miss James To Wed
Announcement has been made of the engagement of Miss Verna James, daughter of Mr. and Mrs. R. D. James, Salisbury street, to Pfc. John D. Klingaman, son of Mr. and Mrs. E. T. Klingaman, Meyers avenue.

Miss James is a commercial teacher in the local high school.

Pfc. Klingaman was wounded in action in the European theater and was evacuated to the states. He is now stationed at Indianapolis Gap.

Wins Bronze Star
Pfc. Eugene E. LaRue, son of Mr. and Mrs. Elsie LaRue, Meyersdale, has received the Bronze Star for meritorious achievement against the Japanese.

LaRue is a member of a battalion headquarters company, Sixty-third infantry regiment, which at the time hostilities ceased, was mopping up remnants of the Japanese in the Cordillera mountains of northern Luzon.

Benson, just released from the army after serving in the Aleutians; Mrs. Josephine Stemple, Mrs. Ethel Pingley and Miss Louise Benson, all of Terra Alta; his mother, Mrs. Ella Benson; two brothers, Howard Benson, Terra Alta; and Ward Benson, Morgantown; five sisters, Mrs. Troy Shahan, Mrs. Deets Parrack, Terra Alta; Mrs. Brydon Hardesty, Hutton; Mrs. Harold Browning and Mrs. Ernestine Wilson, both of Kingwood.

Named To Pitch Against Tigers

Twin Bill Today To Mark Opening of Crucial Series at Capital

WASHINGTON, Sept. 14 (AP)—The Detroit Tigers come to town tomorrow and the nation's capital has its eyes and ears propped open for base hits, principally by the Senators.

Everybody knows, of course, that the American League pennant probably will be won or lost in this five-game "clutch" series between the Tigers and the stubborn Washington club.

But beyond that is the amazing manner in which baseball has thrown the switch on thinking heretofore.

Handicappers from the war, political guff, diplomatic intrigue, reconversion and so on, are taking second place.

The Detroit-Washington series has been sold out in reserved seats for a couple of weeks.

100,000 May See Games

The attendance Saturday, Sunday and Monday may approach 100,000, which would be a whole lot of people for Griffith stadium, seating normally about 30,000.

So many newspapermen have been assigned that some may have to sit on the roof.

The team has been within touching distance of the Tigers half a dozen times, only to fall back. It may be different now with Buddy Lewis, Cecil Travis and Walter Masterson back from the war, injecting new life into the club.

Recent clashes between Manager Ossie Bluege and Second Baseman Vaughn, and Pitchers Alex Carrasquel and Marino Piretti have shown that the Senators are in a fighting mood.

Flare-ups Are Good Sign

Club officials accept these flare-ups as a good sign.

They aren't personal. Just nerves. And they show that the boys are ready to give all they've got, even to a punch or two in the nose, to win the pennant. Owner Clark Griffith said.

The Senators are in good shape physically while the Tigers may be below par with Eddie Mayo, sparkling second sacker, Hank Greenberg, slugging outfielder, and Hal Newhouse, ace pitcher, ailing somewhat.

Dutch Leonard and Mickey Haelner will face the Tigers in Saturday's doubleheader. Roger Wolff and John Niggeling will take over in Sunday's twin bill, with Walter Masterson making his second start in Monday's single game.

It was Masterson who beat the great Bob Feller in a two-hit 4-0 rout of the Cleveland Indians Thursday night.

Jack Steiner, 1944 Star, Will Captain LaSalle Grid Team

Jack Steiner, All-City end in 1944, was elected captain of the LaSalle high school football team for the current season at a meeting of Coach John J. Long and his squad last evening at Carroll Hall.

Members of the squad last night attended a blackboard session supervised by Coach Long after drilling yesterday afternoon in the rain.

Brother Gregory, athletic director, announced that arrangements are completed for LaSalle to play the Strippers of St. Mary's high school, Clarksburg, W. Va., at a night game here Friday, October 12. He added that LaSalle is still angling for an opponent for Nov. 2 or 3.

Brooklyn Hands St. Louis Cards Double Setback

Red Birds' Pennant Hopes Fade as Dodgers Win, 7-3 and 6-1

ST. LOUIS, Sept. 14 (AP)—The St. Louis Cardinals slipped a full notch in their National League pennant race with the Chicago Cubs by losing a doubleheader to the Brooklyn Dodgers, 7 to 3, and 6 to 1, tonight and falling to three and one-half games behind the league leaders.

The games, played in intermittent drizzle and over the protest of Brooklyn Manager Leo Durocher, broke out after the fading hopes of the world champions for their fourth consecutive league title.

Durocher telephoned League Manager Ford Frick at New York shortly before noon objecting to playing the games which had been postponed from last night. The Dodgers face the prospects of having to travel all night in day coaches in order to play the Cubs tomorrow.

The Dodgers hammered four Cardinal hurlers for fifteen hits and took advantage of St. Louis errors in the late innings of the first game to overcome a one-run lead and pull out the victory.

Ken Burkhardt, one of Southworth's usually dependable rookies with a season record of 16 and 7, got off to a shaky start and was removed in the second inning.

Charley (Red) Barrett, Cardinal ace right-hander, also ran into trouble at the start of the second game when the Dodgers nicked him for a three-run start on two walks and two hits, one a double by Eddie Stevens. They bunched three more hits in the eighth for a pair of tallies.

Hal Gregg, who went the route for Brooklyn, allowed only six hits. The box:

Chicago Hurler Marks Up Seventeenth Victory of Season

By GAYLE TALBOT
PHILADELPHIA, Sept. 14 (AP)—The Detroit Tigers protected their slim American League lead with a 1 to 0 victory over the Athletics today, showing across a lucky run on a squeeze play by Bob Maier in the fifth inning just before a rainstorm washed out the game.

As a result, Manager Steve O'Neill's hirelings gained an even break in the four-game series and left for Washington assured of the leader's role when they tangle with the speedy Senators tomorrow in the first two bouts of their crucial five-game series.

Rosar Thumbed to Showers
So violently did Catcher Buddy Rosar of the Athletics protest Maier's game-winning run that he was thumbed to the showers by Umpire Art Assarella.

Up to the faithful fifth it had been a sparkling pitcher's duel between Les Mueller of the Tigers, and Dick Fowler, the mountainous young Athletic right hander who delivered a no-hit, no-run effort against St. Louis Browns last week.

Maier opened the fifth with a single, followed by five lefties in the order, and then Maier himself. He was caught out by Fowler's first pitch to Skeeter Webb Maier tore for home. It was a pitch-out, and Maier was caught.

Football Games Are Scheduled By Radio Chains

By C. E. BUTTERFIELD
NEW YORK, Sept. 14. (P)—Football on the networks gets its 1945 start on the networks Saturday, with three of them concentrating on a single game.
It is the meeting of Great Lakes and Michigan at Ann Arbor, with CBS and ABC coming in at 1:45 p. m. and NBC at 1:55. MBS has decided it will begin its season until the following Saturday.
Two new shows also are due. At 1 p. m., NBC is reviving its national "Farm and Home" program with a half-hour series a week. Sec. of Agriculture Anderson will be guest speaker. This series, originally on the Blue, was on that network when it was separated and sold, a similar program being continued under a different format.
The other new one is the Gang-Busters, which is returning to ABC at 9. But this time as commentator and "chief investigator" there will be Commissioner Lewis J. Valentine, who is resigning today (Friday) as head of the New York City Police Department.

Commission Urges City To Accept State Grant Offer

Recommendation Will Be Presented at Council Meeting Monday

The municipal planning and zoning commission yesterday unanimously recommended to the mayor and city council Monday, urging immediate acceptance of a \$5,000 grant from the state commission on post-war reconstruction and development for preliminary engineering surveys for the proposed cross-town viaduct.

Dr. Thomas W. Koon, commission chairman, who presided at a special meeting yesterday at 3:30 p. m. in the office of Mayor Thomas S. Post in city hall, made the motion for the recommendation, and his suggestion was unanimously approved.

The joint meeting of commission members with city officials was called earlier this week to invite A. Russell Vollmer, Baltimore engineer, to come here for the purpose of giving detailed information regarding the work which his firm will do in making a preliminary survey if the state grant is accepted.

Will Make Detailed Survey
Vollmer is associated with the engineering firm of Whitman, Reardon and Associates. He said his firm will make a detailed survey, including topographical data, running a line from the proposed east-west approach to the use in connection with the viaduct to the western end at John street, and ascertaining necessary depth of girders and spacing of piers to support the structure.

When the survey is completed, he said, the firm will present maps, data on grades, drawings, and a written report to the city, so that a more exact estimate of the cost can be made.

Vollmer pointed out, however, that his drawings and maps will not be sufficiently detailed for use in construction. The survey will be made primarily to decide the approximate cost to the city if the viaduct is built.

If the \$5,000 grant from the state is accepted, the city will match it with a \$5,000 appropriation provided for in the April tax levy, Mayor Post said. The engineering firm will receive \$6,000 for its work and the remaining \$4,000 will be used for legal expenses and city engineering.

Limit Is 112 Days
H. W. Smith, commission secretary, said that if the state grant is accepted, the preliminary survey must be completed within 112 days after the date of acceptance, according to the terms of the proposed grant.

Vollmer said that actual building of the viaduct will be done under the jurisdiction of the state roads commission, with federal financial aid under the Public Roads Administration. He pointed out that any preliminary survey which is made must be approved by the state roads commission before construction can begin.

Bond Issue Authorized
Smith said traffic congestion will be "impossible" in Cumberland within three or four years if the viaduct is not built to relieve bottlenecks on traffic on Baltimore street. He said acceptance of the grant will not commit the city to building the viaduct.

Mayor Post pointed out that a \$500,000 bond issue was authorized in 1937 for the construction of a cross-town viaduct, during Dr. Koon's administration as mayor. The authorization was amended in 1939 to include flood work.

The cross-town viaduct will cost an estimated \$1,425,000, with Cumberland paying \$500,000 for property on which to build approaches to the viaduct, while the state and federal government will allocate funds for the remainder of the work.

Others attending yesterday's meeting were Commissioner James Orr and William E. McDonald; Ralph L. Rizer, city engineer; Charles Z. Hest, city attorney; and Clarence H. Briggs, a member of the commission.

Physicians Urged To Report Births
Urging physicians in Allegheny and Garrett counties to report births to their county health offices and to the bureau of vital statistics of the state department of health as soon as possible, Dr. A. W. Hedrick, chief of the bureau, reported recently that in 1944 only thirty-nine and eight tenths per cent of births in Allegheny county were reported within the four-day legal limit, while forty-two and three tenths of Garrett county births were reported within the time limit.

Of the twenty-three counties listed by Dr. Hedrick, Queen Anne's had the highest percentage, with seventy-three and eight tenths per cent of births reported by attendants within the four-day limit; while Harford county had the lowest, with only 27.9 per cent reported within that time.

In a letter to Dr. Winter R. Frantz, city and county health officer, Dr. Hedrick said that in recent months the percentages have improved considerably, but added that "in general, reporting is still too slow."

Dr. Hedrick attributed the improvement to the fact that county health officials no longer send in birth certificates once a month, but send them to Baltimore daily, as they are received.

Dr. Frantz pointed out that it is important for births to be reported immediately, especially in the case of a serviceman's wife, since allowances for the child will not begin until after the birth certificate is received by the War or Navy department.

Auto Manslaughter Ruled Misdemeanor

Trial magistrates in Maryland have full jurisdiction over all cases involving manslaughter by automobile, according to a decision of the attorney general's office.

The office explained that manslaughter by automobile was a misdemeanor, not a felony.

A Senate bill vetoed by the governor sought to change the word "grossly" to "criminally" in the 1941 act's statement that manslaughter by car was a misdemeanor when death was caused from "grossly negligent" operation of a vehicle.

Strike Vote Will Be Held Sept. 28 At Celanese Plant

Plans were formulated here yesterday for a strike vote to be conducted Friday, September 28, at the Amelle plant of the Celanese Corporation of America under the supervision of the National Labor Relations Board, officials of Local 1874, Textile Workers Union of America, CIO, announced yesterday.

Arrangements were made at a conference held yesterday at 10 a. m. at the Celanese plant.

Votes may be cast at about nine booths located in the plant and one booth will be provided in the plant parking lot for employees not working on the day of the vote.

Schedule Is Set
One company and one union representative will be at each voting booth, union officials said.

Polling places will be open from midnight of September 27 until 4 a. m. September 28; from 8 a. m. to 12 noon and from 1 p. m. to 7 p. m. so that all shifts may vote.

Plans were also completed yesterday for a conference with officials of the Celanese company Monday morning at 10 o'clock on the new contract being proposed by the local TWU union.

A representative of the conciliation service, according to William E. Meagher, president of the local, will sit in on the meeting.

Rejects Proposals
The Celanese company, on Thursday morning, rejected the union program and James A. Dundon, regional TWU director, declared he considered negotiations deadlocked until a conciliator entered the picture.

A company spokesman declared the demands so far out of question they "cannot be considered."

Company spokesmen pointed out that the contract being sought by the textile workers was presented to the company after the union notified the NLRB that a strike vote was requested.

While the company is working a basic forty-hour week, the hours for some departments range from forty to forty-eight, it was stated yesterday.

On the basis of a forty-hour week the company proposes an annual payroll increase of over a half million dollars while the union seeks a gain of nearly \$2,000,000 under the ten-cent increase proposal.

Engine and Three Cars Leave Rails In Two Accidents
A Baltimore and Ohio railroad helper locomotive was derailed yesterday morning around 10 o'clock near Swanton while descending the seventeen-mile-grade and in another accident, three cars of the No. 2 St. Louis to New York B. & O. passenger train were derailed near Keyser around 4 a. m. No one was injured in either accident.

The helper locomotive was on its way back to Keyser, without cars, around 10 a. m. after helping the main train up the grade to Blazer, when it piled up while rounding the first curve east of Swanton. The cause of the derailling is not known.

Engineer J. Z. Garlitz, Keyser, and H. B. McNemar, flagman, Keyser, escaped injury when the locomotive left the rails. The engine came to rest on its side.

The three cars of the St. Louis-New York train were derailed when a car fell beneath the end of the support and bent the switch rods on the next three cars, causing them to leave the track. The derailed cars did not turn over as the cars before and behind remained on the tracks and supported them.

Passengers on the train were put on the National Limited, No. 122, St. Louis to Washington train, which travels over the cutoff, No. 2, scheduled to leave Keyser at 4:02 a. m. did not pull out until 8:45 a. m. yesterday morning.

Wrecking crews called out from both the B. & O. and Western Maryland railway yards here in Cumberland and also from the Connelville yards of the B. & O. because of the accidents. The Western Maryland railway wrecker was expected to return to the yards here sometime last night.

A diagnostic clinic for disabled veterans will be held here October 9, the state department of education's vocational rehabilitation division announced yesterday.

Similar clinics will be held in Salisbury September 26 and in Hagerstown October 23.

Medical examination, psychological testing and counseling on vocational training and job placement for those whose cases have already been referred to the rehabilitation division will be offered.

Capt. Thomas Finan Receives Discharge
Capt. Thomas B. Finan, discharged Thursday from the army at Fort George G. Meade, arrived in Cumberland last night with Mrs. Finan. They will visit Mrs. Joseph B. Finan, 527 Washington street.

In recent weeks Capt. Finan has been in the army hospital at Asheville, N. C. Mrs. Finan accompanied him to Asheville.

DIRECTOR OF EDUCATION—Miss Ruby Adams, new director of elementary education, comes here from Schenectady, N. Y., where she held a similar position for ten years. She believes in "educating for peace" in this postwar period.

Plane Will Spray Trees in Miller Apple Orchard

H. W. Miller, Paw Paw orchardist, yesterday completed plans to have 10,000 apple trees in his Martin's mountain orchard sprayed by airplane around the first of October.

The spray is a new hormone mixture which strengthens the stems of new apples thereby holding them to the trees for an additional ten days during apple picking season.

The use of the plane at Martin's mountain in October will mark the first time this has been done in this locality although the practice is common in Washington and Oregon.

Commenting on his plan to spray his orchard by air, Miller said, "It's expensive but it will be worth it. Our Martin's mountain orchard crop is one of the best in the area, and it will be necessary to keep the apples up there that additional ten days to get them all picked."

Miller said a small plane is used for the spraying with attachments underneath the fuselage. The draft from the propeller spreads the spray—covering two rows of trees spaced forty feet apart. The planes fly just above tree-top height.

"There is no doubt that this spray does what it's supposed to," Miller said. "And with apples as valuable as they are this year it will be well worth the cost."

Gibson Says City Expenses Are Less Than Appropriation

During the five-month period from April 1 to August 31, no appropriations for city expenses have been overdrawn, and one levy, that of the state income tax, has been collected in excess, Arthur B. Gibson, city auditor, reported yesterday.

In his monthly report, Gibson said that the condition of the levy is as follows:

Levy	Collected	Uncollected
Allegheny Co. \$	830	
Gen'l Licenses	20,000	16,667.89
Gen'l & Spec.		338.13
Income	26,500	7,968.21
Police	1,000	413.87
Police Pines	5,500	3,851.00
Police	2,000	1,642.50
St. Inc. Tax	9,000	11,148.83
St. Inc. Tax	30,000	30,000.00
St. Inc. Tax	624,250	328,793.86
Levy 1944-45	\$732,180	\$608,423.39
	\$123,756.61	\$126,155.44

He said the percentage of the entire levy which has been collected is eighty-three per cent, and that eighty-four and two-tenths per cent of the tax levy has been collected.

An excess collection of \$2,148.83 was reported in state income tax because the tax is a variable and cannot be estimated exactly in advance, Gibson said.

Of the total annual appropriation for city operations, \$546,151.17, there has been expended \$221,016.21, leaving an unexpended balance of \$325,134.96, Gibson said.

A total of \$186,228.83 was appropriated for debt service, of which \$91,799.66 has been expended, leaving a balance of \$94,429.17.

Counting both the appropriations for city operations and debt service, the entire appropriation for the current fiscal year is \$732,380. Of that amount, a total of \$312,815.87 has been expended for both city operations and debt service, leaving an unexpended balance of \$419,564.13.

Gibson pointed out that as of August 31, forty-two and seven tenths per cent of the entire appropriation for the fiscal year had been spent.

One Person Injured In Three-Car Crash

One person was slightly injured late Thursday evening as a result of a three-car collision on Red hill, Route 40.

According to a report of the accident, Robert C. Warner, Route 5, was driving west about 11 p. m. when the car he was driving on Red hill went out of control and was struck broadside by a car being driven east by Meyer R. Korn, 705 Gehart drive.

A Cumberland bound car driven by Luther Glass, 18 North Lee street, crashed against the two cars a few moments later.

Korn suffered a wrenched left wrist in the collision.

Navy Recruiting Head Inspects Local Office
Lt. Comm. H. R. Stone, Baltimore, officer in charge of naval recruiting in Maryland, visited the local recruiting office yesterday on an inspection tour.

Men between the ages of 17 and 30 are needed for the regular navy. Comm. Stone said, since much of the present navy is made up of reserve personnel.

Applicants for the regular navy are eligible for training in radar, he said.

Peace Depends On Young People, Miss Adams Says

"Educating for Peace" Should Be Emphasized, School Director States

All the emphasis on elementary teaching in the next few years should be placed on "educating for peace," in the opinion of Miss Ruby Adams, new director of elementary education in Allegheny county schools.

"If we are going to keep peace in the world, we must start with the young people," Miss Adams said in explaining that a child's attitudes are set in the first twelve years of his life.

For this reason, there will be a new emphasis on the teaching of various subjects, such as geography, although that does not necessarily mean that curriculum will be changed, Miss Adams said.

Explaining, Miss Adams said that teaching trends in the elementary grades indicated that a big effort should be made to create a better understanding of peoples in the mind of every child.

Children Develop Ideas
As a result of the war, such places as the Southwest Pacific, the West Pacific and Russia suddenly have a new significance, Miss Adams said.

Make no mistake about it, what with the radio and movies, children develop ideas about world events at a very early age and we will have to keep up on our toes," Miss Adams said. The elementary director added that she is amazed at the ideas expressed this summer by a group of children, picked at random, regarding the Dumbarton Oaks conference.

Miss Adams said she believes the new years will be crucial in the educational world, but said she thought schools are well prepared to meet the test. For example, we now know, due to research, what children are like at different ages, which will prove a big aid, she explained.

Born in Arkansas
Miss Adams was born in Arkansas and lived for some time in Springfield, Mo., where her father was a physician. She attended State Teachers college, Springfield, for three years and finished her college work at Teachers college, Columbia university. She has completed three years of graduate study.

For the past ten years Miss Adams was director of elementary education in the Schenectady, N. Y., school system—one of the best in New York.

Asked if she would care to point out any differences between the Schenectady system with the Allegheny system, Miss Adams said she felt a week was not sufficient time in which to come to any definite conclusions but declared that she greatly admired the county union in existence here and said she felt that Schenectady was moving towards it rapidly.

In this connection, Miss Adams said her decision to come to Maryland was greatly influenced by the educational leadership of Charles L. Kopp, superintendent, and Maryland's "right planning" in education.

"It sounded to me like a good place to be during this new crucial period in education when we will need forward looking teachers doing the right type of planning and thinking," Miss Adams said.

Miss Adams also said she would like to state that she was "very impressed" by the P-TA group she met here.

"They seem to take hold of things," she said.

"The members I have met show a real concern and interest in education not only locally but throughout the entire state," Miss Adams stated.

Forfeits \$10 Bond
A man booked as Arnold Cribari, Fort Cumberland hotel, forfeited \$10 bond in police court yesterday when he failed to appear for a hearing on a charge of disorderly conduct. Police said he was arrested by Officer Ernest M. Lowell after an argument over a parking ticket.

Staff Sgt. Roy C. Phillips Visits Family for First Time in Three Years
Home on furlough for the first time in three years, Staff Sgt. Roy C. Phillips, 27, husband of Mrs. Dorothy Randall Phillips, 1 Miltenberger street, and son of Mr. and Mrs. John Phillips, Barreille, spent fifty-five days with his wife and parents before reporting to Fort Dix, N. J., several days ago for reassignment.

Twice wounded during two years' overseas service, Sgt. Phillips has ninety-eight points to his credit. He served with an infantry outfit on Attu in the Aleutians before taking part in the invasions of Leyte and Okinawa.

He suffered shrapnel wounds while fighting in the Philippines, and was wounded a second time on Okinawa. During the latter campaign he received the Bronze Star for killing nine Japs singlehanded.

He also holds the Purple Heart with an Oak Leaf cluster, and the Asiatic-Pacific theater ribbon.

Sgt. Phillips, who served with the Seventh Infantry division, brought back a number of souvenirs when he came home on furlough, including Japanese flags, watches and articles of clothing.

While home he saw a brother and sister, who are also in the service, for the first time in three years. They are Sgt. Leonard Phillips, stationed at Aberdeen; and Pfc. Dorothy Phillips, WAC, who was home on furlough from Oakland, Calif. Another brother, Pfc. Norman Phillips, now with an infantry outfit in Germany, has been overseas eight months.

Sgt. Phillips will report to an army camp in California after leaving Port Dix.

Marines Almost Land On Futtsu Saki Before Surrender
RM 3-c John D. Twigg, son of Mr. and Mrs. J. S. Twigg, Bedford road, recently wrote home describing the near landing of marines from his ship, the USS Braxton, on Futtsu Saki, Japanese home territory, before the surrender was announced.

The former Baltimore and Ohio railroad bolt and forge shop employee wrote, "As we came in to land the troops, we could see numerous sunken hulks of ships. Some of them had run aground, while others just had their sterns turned up to the 'Rising Sun'."

Twigg joined the navy in May, 1944, and has been aboard the Braxton since she was put to sea last February.

Bob Mattingly, 17, of 15 North Chase street, suffered an injured left shoulder Thursday while practicing with the LaSalle high school football team. He is slated to play in the backfield.

Crowd of 3,000 May Be Present At Legion Picnic

Delegates and Band from Clarksburg, W. Va., Post Will Attend

Arrangements are being made for a crowd of 3,000 Legionnaires, war veterans and guests at the stag picnic of Fort Cumberland Post, No. 13, American Legion, to be held at Fairgo Sunday beginning at 11 a. m.

Samuel A. Graham, commander of Fort Cumberland Post, said last night that 100 members and the thirty-five-piece band of Roy E. Parrish Legion Post, Clarksburg, W. Va., will attend. They expect to leave the city at 6 a. m. Sunday in order to arrive at Fairgo in time for the picnic, according to E. O. Ryan, Parrish post commander.

The locomotive from Clarksburg, Va., of the Forty and Eight Society also will be driven to Fairgo for the picnic.

Ex-servicemen Invited
Of interest is the fact that five members of the Clarksburg Legion band served with Graham in the First World War as members of the First West Virginia National Guard band out of Clarksburg.

Invitations to the picnic have been extended to all American Legion posts in Mountain district, and of World Wars I and II, whether or not they are Legionnaires. They will be admitted upon showing their discharge. Servicemen in uniform also are invited.

Legion notables from both Maryland and West Virginia are expected to be present Sunday and heading the list from West Virginia will be Dr. P. E. Kercheval, Kingwood, West Virginia Department commander, and Ray C. Burg, Piedmont, first vice commander, now seeking the post of state commander.

Added to the list of guests from Maryland is Frank Powers, Frostburg, recently named commander of Mountain district.

Shotgun Match Scheduled
Features of the picnic will be a shotgun marksmanship contest between two of the best marksmen of the Georges Creek section, as well as various other contests. Plans also are underway to hold a horse race.

Buses will leave the Legion home for Fairgo at 10:30 a. m., 12 noon and 1 p. m. They will leave Fairgo for Cumberland at 6 p. m., 6:30 p. m. and 7 p. m. according to David W. Sloan, picnic chairman.

All persons attending the picnic are requested to take with them a knife, fork and spoon.

Camera Club Prints Will Be Exhibited

Forty pictures by members of the Cumberland Camera Club will go on exhibit Monday at the Cumberland Free Public Library where they will be shown for two weeks.

William Sparks, of the Cumberland Art Club, and other selected judges will judge the pictures Monday. Following this, members of the general public who view the exhibit will pick their favorites and the result of this public opinion poll will be announced at the end of the showing.

Each member of the camera club will be permitted to enter four photographs in the exhibit. A number of the entries will be prizewinners of the last five years.

District Townsend Clubs Will Meet Tomorrow
Mrs. J. A. Ford, legislative representative for the Townsend organization, will address a meeting of district Townsend clubs tomorrow at 2:30 p. m. in the ballroom of Queen City hotel.

Mrs. Ford, who was assigned to the Washington bureau of the organization early this year, will describe the Townsend campaign for enactment of a nation-wide system of insurance covering the aged blind and disabled, and widows with dependent children.

Miss Mary Ethel Rose, state organizer in Maryland and West Virginia, will preside at the meeting.

WINS BRONZE STAR—Cpl. Billy C. Menges, son of Mr. and Mrs. Charles Menges, 47 Lamont street, won the Bronze Star medal for heroic action with a marine infantry battalion on Iwo Jima. He has been in the marine corps for more than twenty-six months.

Charities Handle 611 Cases in Year, Report Discloses

Cases involving 611 families were handled by the Associated Charities during the period from September 1, 1944, to August 31, 1945, Miss Jeannette L. Bonig, executive secretary, reported yesterday.

Miss Bonig said employment was secured for 258 men and women during that time. She pointed out that the local United States Employment Service office no longer handles employment for domestic service, and that the Associated Charities secured that type of employment for a number of women, as well as odd jobs and light work for men unable to hold full-time jobs.

Case Load Cited
The average case load during the year was 230. Work done by the organization included grocery orders for 194 families; drug orders for 224 families; rent paid for ninety-one families; room and board paid for seventeen persons; and transportation for hospital care paid for twenty-nine persons.

In addition, clothing and shoes were purchased, and gas, electricity and insurance bills were paid for needy families; arrangements were made to send fifty boys and girls to the Kiwanis Sunshine camp, 115 Thanksgiving and Christmas baskets were distributed; eleven persons received eye examinations or glasses through the agency; and arrangements were made for institutional care for seven blind or deaf persons.

Expenditures Listed
Total expenditures throughout the year were \$10,158.81, including \$1,001.66 for drugs, as compared to \$330.43 in 1944; \$2,457.06 for food; \$1,690.43 for payments of rent for needy families; and \$684.33 for clothing.

Expenditures of the Baby Welfare society, a member agency, during the year totaled \$1,201.85, of which \$1,020.46 was spent to buy 7,799 quarts of milk for fifty babies.

In addition, a total of \$179.20 was spent to purchase 64,000 coper oil capsules for distribution in co-operation with the schools and city health clinics.

Miss Bonig's organization is a member agency of the Community Chest.

870 Hunters Jam Clerk's Office To Buy Permits
A total of 870 people made a rush on the clerk of court's office yesterday to purchase hunting licenses preparatory to the opening of squirrel hunting season today.

Although the office had been busy all day Robert Jackson, clerk of court, kept his office open forty minutes after the regular closing hour of 4 p. m. to accommodate last minute applicants for licenses. More than fifty people were accommodated in the last thirty minutes.

Yesterday's sale of hunting licenses will swell the total to well over 2,800 so far this season. Thursday's sale amounted to 337 county licenses, 119 state-wide licenses and one non
